

**Four Rivers Nuclear Partnership, LLC**  
**Paducah Deactivation & Remediation Project**

**Contractor and Subcontractor**  
**RFI / Prequalification Questionnaire**

January 30, 2024

The Four Rivers Nuclear Partnership (FRNP), in support of the Department of Energy Portsmouth/Paducah Project Office (PPPO), is seeking information on Net-Zero Engineering Design capabilities.

THIS IS A REQUEST FOR INFORMATION (RFI) ONLY. This RFI is issued solely for information and planning purposes – it does not constitute a Request for Proposal (RFP) or a promise to issue an RFP in the future. This request for information does not commit the FRNP to contract for any supply or service whatsoever. Further, FRNP is not at this time seeking proposals and will not accept unsolicited proposals. Respondees are advised that the FRNP will not pay for any information or administrative costs incurred in response to this RFI; all costs associated with responding to this RFI will be solely at the interested party's expense. Not responding to this RFI does not preclude participation in any future RFP, if any is issued. If a solicitation is released, it will be sent to the qualifying Contractor

The work will be performed under NAICs code: 541330

For architect and engineering capabilities for a net-zero facility. Please provide your estimated percentage to job cost markup \_\_\_\_\_.

**Responses to the RFI are to be send to the attention of Ron Casper, Procurement Manager @ [ron.casper@pad.pppo.gov](mailto:ron.casper@pad.pppo.gov) by COB February 29, 2024.**

Company Name: \_\_\_\_\_

Primary Services Performed: \_\_\_\_\_

In general, your firm's Net-Zero Engineering qualifications for new building construction for the **last 3 years** will be considered in this prequalification evaluation.

Provide the following Net-Zero related information:

**1. Work Experience:**

List your firm's three largest architect and/or engineering projects for vertical buildings in the last **3 years**:

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

**2. List your firm's net-zero architect and/or engineering design projects within the next 10 years:**

\_\_\_\_\_  
\_\_\_\_\_

- 
3. List your firm's architect and/or engineering capabilities and projects for the last 5 years utilizing geothermal to achieve net-zero or near net-zero:

---

---

---

4. List your firm's architect and/or engineering capabilities and projects for the last 5 years utilizing solar to achieve net-zero or near net-zero:

---

---

---

5. List your firm's architect and/or engineering capabilities and projects for the 5 most recent years on a U.S. Department of Energy site and/or a federal government site:

---

---

---

6. Identify your small business socio-economic status:

---

7. Identify the most senior executive(s)/manager(s) directly responsible for net-zero architect and/or engineering capabilities and the projects they have supported at your company:

---
